

Happy New Year Anchor Bay Scuba Newsletter Join our dive family

January 2018

Happy New Year to all,
We now beginning a new year at Anchor Bay Scuba, with 2017 being a very good year, We started off on the Grand Adventure to Dominica. What a beautiful place to dive, this is where the Pirates of the Caribbean was filmed and wow it did not disappoint staying at Fort Young Hotel, built in 1700s, we enjoyed some History, with Don finding a Clay pipe right out in front. Saw beautiful waterfalls .
With summer came Women's dive day up in Tobermory ,a lot of certifications through the summer, and local trips with Munising being the finally, September was 10 years owning the business, a big deal in a dive shop business, we ended our certifications in October, did DEMA in November, and then off to Curacao, in December put a perfect finish to a good year. Unfortunately we lost some help in the summer to better paying jobs, but survived with others stepping in to help, then poor Frosty's ear gave him an issue so he was out at the end all and all we completed 2017 and happy to say everyone is healthy.

SeaLifes' New for 2018 Underwater camera

Reef Master RM-4K Ultra Compact UW Camera
And SeaLife Introduces the SeaLife Photo Pro Backpack
Available early 2018 in Dive shops.

PADI Classes for 2018

We are now beginning our classes for the year.

If you are traveling soon it will be a good idea to start your classes so you are not rushed before your trip. Our pool nights give you a chance to practice before you leave and get certified on the trip. People getting certified this summer can also practice on our pool nights.

Remember we do teach daily and have our pool available to students. If you have not dove in a while please save money and time but doing our refresher course it may save you hundreds of dollars on your trip.

Dates to Remember

Pool Night: Jan. 19th

Tobermory:

July 20th–22nd

Please call us and reserve your room.

Grenada May 19th to the 26th

Georgia Aquarium
