## FIJI 2011

Our Fiji Trip is January 20th to 29th and we now have the Flight from Detroit this flight is \$445.00

This Flight will enable you to check your bags through to FIJI there are 8 seats 4 are spoken for now 4 left so let us know if you are interested for these seats the people already on the trip have dibs. This trip is going to be spectacular. We have been monitoring the people coming back including Rick from Midwest dive magazine and he told us we have definitely pick the perfect place... so we now have one spot available and looking forward to January.

The dive season for many folks here in Michigan is soon coming to the end. It is now time to think about storage of our gear over the winter , you paid a lot of money to purchase your gear, now its time to maintain it. BCs should be rinsed internally once a year,, to lubricate the internal mechanism. Wetsuits should be washed and cleaned before storage. We keep cleaners for this purpose in stock in the store. Store your wet suit on thick hanger not folded in bag.

Labor Day Rental Special: Pick up on Thurs and bring back on Tues.

**WHITE STAR QUARRY SUNDAY September 26 Under Water Pumpkin& costume dive** Join us for this fun event we know its early, but it will still be warm! So get creative and remember it must be over wetsuit. After we will BBQ and bring a dish to pass.
